

Bleeding Steel

Lyrics by J A Knight

Down from the skies in a cyber attack
High tension wires all across my back
Toxic infestation of electronic worms
Nuclear virus spreading digital germs
Radiation causes skin to peel
You're bleeding blood
I'm bleeding steel

Alien scientist in a magnetic cage
Nights of terror days of rage
Midnight troopers coming down the hall
Star destroyers empires will fall
Super mutant robot demonic sex appeal
You're bleeding blood
I'm bleeding steel

Disjointed reflections from broken mirrors of time
Trans dimensional life forms inside an asteroid mine
Psychotic vision phosphorescent eyes
Sublight stellar clusters inhuman cries

Hypnotic trance in a psychic maze
Doctor concussion enters terminal phase
Stun gun fires explosive pills
Jagged Inter brain kinetic thrills
Solar systems crash reality unreal
You're bleeding blood
I'm bleeding steel
